Summer Recreation Program Plans Now Taking Shape At Individual Schools

TWO RELEASED FOR LACK OF CRIME EVIDENCE

Two men who were taken into custody at the Cambrian Market on suspicion of burglary were released Friday from the County Jail for lack of evidence. Frank A. Coombs, Cambrian Market owner, said he caught Ralph Olivera, 22, of 316 McGlincey Lane, and Clyde Dimmitt, 23, of 412 Auzeais Stret, San Jose, as they were coming out of the compressor room at the rear of the market Wednesday, June 8, at 3:30 a.m.

Coombs summoned R. J. Locke, private patrolman on the Chris Bronzich patrol staff, who arrested them. Locke and sheriff's officers found 25 cartons of cigarettes and six cases of beer in the car of the two men. The auto was registered in the name of Dimmitt's wife, according to Chief Criminal Deputy Sheriff Jack Gibbons. A wallet containing private and Navy papers of a Moffett Field sailor was found under the car seat.

Gibbons said neither of the men had a record, and there was little possibility of convicting the men without additional evidence.

Shopping Center In Cambrian Park Wins Approval

Approval of Schaeffer Lands, Inc., application for commercial rezoning of a 20-acre residential site in Cambrian Park to permit erection of a shopping center was granted Wednesday by the Santa Clara County Planning Commission, after objections of property owners in the area had caused a two-weeks' delay in the matter.

Floyd Magee, represented by Attorney Marshall S. Hall, claimed priority rezoning status for his 93-acre subdivision on Union Avenue across from the proposed center, stating that natural growth is on his side of the avenue, and said his tract should be rezoned first when such a shopping center is required by growth of the area. The Schaeffer tract is on the southeast corner of Camden and Union Avenues.

Plans for the Scheffer business district include an open-air theater with parking space for 582 cars, stores designed to serve a semi-exclusive clientele and off-street parking for 585 automobiles. Paul Schaeffer heads the corporation.

Patrick H. Peabody served as acting chairman of the commission in the absence of regular chairman Will B. Weston. Charles Kuhn was the only commissioner abstaining in the decision, claiming he was unfamiliar with the background of the matter.

He had been left behind at the picnic with his coat containing money and identification papers.

Although Mr. Cuneo suffered a stroke six years ago and has frequent lapses of memory, he was able to give his name to two San Jose women campers, Mrs. Helen Bagley and Miss Marion Newland, when they found him Sunday noon lying on the ground in Waddell Creek Canyon about a mile from the main park area. Sierra Playgrounds California's "back yard" is full of them

More than 120 lakes in the Sierra and Cascades are man-made. They were built by P.G. and E. as reservoirs for 56 hydroelectric plants whose generators are spun by falling water. Our reservoirs capture melting snow in the Spring, prevent damaging floods

and wasteful runoff of precious water, and provide regulated release of the water for year-round stream flow. Many popular fishing streams otherwise would be dry during the summer and fall vacation season. All this, and low-cost power too!

At many places, such as beautiful Lake Almanor nestled at the base of Mount Lassen, P.G. and E. development has created resort areas enjoyed by thousands.

P.G. and E. works closely with the Fish and Game Commission... building fish ladders, planting trout, maintaining stream flow. We are fish conservation enthusiasts.

Work never stops on our power-building program

For the record

Hydroelectric plants do not consume water...they borrow it temporarily, then return it to the stream.

"Hydro" aids irrigation...holding back floodwaters in the Spring and making the water available when it's needed most in the dry crop-growing months.

That's the economy of milk today—plus the mealtime enjoyment and ease in menu-planning which always goes with the use of more milk in the family diet. For 1/4 the cost of the moderate-priced market basket, milk supplies close to 1/2 the family's food needs!

No other food gives you so much for so little!

JUNE DAIRY MONTH!

WE SALUTE...

Our Fathers!

There's an old saying that "mother knows best." Well, it seems to us that Father, bless him, should come in for some compliments, too, once in a while.

David F. Rutherford

It is true, of course, that upon mother's patient shoulders rests the upbringing of the children. And this is as it should be. But let's not forget that Pa is generally the family breadwinner and it is up to him to pay the bills. When day is done and he comes home, make things as cheery and loving as you can. Have a nice dinner ready. Lay out his slippers

and his beloved pipe. Show him how much you love him by being kind and considerate. He may not tell you how he appreciates these attentions. But he will... as all good fathers do!

Kathleen S. Bergeron's Piano Pupils Play Own Compositions In Recital

A recital of unusual interest was presented Tuesday evening by pupils from Kathleen S. Bergeron's Piano Studio for Children in Campbell, at the Country Woman's clubhouse in the library building. These young artists, aged 8 to 11 years, gave ample proof of a well-rounded musical education. Their solos, ensemble numbers; their transposing, playing tunes to which the pupils added accompaniments of their own making, kept the audience interested every minute.

The center part of the program and perhaps the most interesting part, was devoted to the playing from manuscript of original compositions written by the pupils. Informality was the keynote of the program, with the pupils announcing their pieces and sometimes giving a little clue as to the content. The abandon with which the pupils played, the easy apparent pleasure they got out of doing all these things, made an evening of enjoyment for both pupils and audience.

Certificates of Merit were awarded the pupils at the close of the program. Mrs. Bergeron is a member of the Santa Clara Branch of the Music Teachers' Association of California and as such is entitled to award these certificates.

Pupils taking part in this informal recital were: Eugene Andres, Vivienne Andres, Diane Bahl, Richard Buck, Linda Edgmon, Marion Gould, Loretta Hammonds, Jane Hatcher, Jerry Henley, Bobbie Jo Little, Janet Madruga, Diana Robba and Becky Young.

Petite Miss Laura Anne Gordon was a demure page girl presenting the programs.

The club room was beautifully decorated with flowers generously donated by Mrs. Marie Madruga and Miss Beulah Ytterness of the Art Florist shop. The lovely flower arrangements were made by Mrs. Virginia Howard.

Hot Rods Continue Torrid Pace

The torrid pace continues this week at the San Jose Speedway as the rollicking roadsters and marauding midgeets go after more records and excitement.

The hot rods roll on Friday night while the Tiny Ones race on Sunday night. Time trials start at 7 p.m. and races begin at 8:15.

Last weekend's session of speed at the Speedway was featured by the establishment of four new track records and the return of Mr. Midget Racing himself, Fred Agabashian. Freddie's 1949 debut at San Jose was rather successful as he won the 15-lap semi-main event and grabbed a second and third during the heat races. Freddie is driving the sensational No. 21 which has a unique 4-cylinder Baker engine with two side cams. Aggie's followers aver that once he gets used to the Speedway's new asphalt track, he'll start displaying the form that has made him Northern California's midget champion for the past three years in a row.

Agabashian's unsuccessful safari back to the Indianapolis Memorial Day classic last month put him way behind out here, and he has much hustling to do before he climbs up with the leaders again. As of now, Freddie is fifteenth in Bay Cities Racing Association point standings.

Here is how Agabashian's racing colleagues are doing in the point standings:

1. Woody Brown 328
2. Ed Normi 318
3. Larry Piper 280
4. Bob Sweikert 268
5. Marvin Burke 226
6. Johnny Smith 220
7. Johnny Soares 181
8. Johnny Boyd 180
9. Bill Evans 158
10. Bert Moreland 143

Two Former Campbell High Gridmen Team Up In Marine Corps Enlistment

Teaming up to enlist in the U. S. Marine Corps for 1-year terms, two former teammates on the Campbell High School football squad, Arthur D. Hill and Cecil R. Carr, both 18, were sworn into service June 2, at San Francisco.

Hill is the son of Mr. and Mrs. A. T. Hill of 1090 Hacienda Road, Campbell; while Carr's parents, Mr. and Mrs. C. R. Carr, reside at 679 Pamilar Avenue, Campbell.

Following their enlistment, the boys departed by train for the Marine Corps Recruit Depot at San Diego for their 10-week basic training. On completion of this training, they will be granted a 10-day recruit leave, after which they will receive their duty assignments. Both plan, while in the Marine Corps, to complete their high

school studies by means of the Marine Corps Institute.

Similar opportunities for technical training and education while serving in the Marines for 1 year exist for other young men who have passed their 18th but have not yet reached their 19th birthday. Full particulars are available at the Marine Corps Recruiting Station, Room 204, Post Office Building, San Jose.

Mrs. Ray Fish Gives Review For Kiwanis Club

San Lorenzo Valley club members were guests of Campbell Kiwanis Club at their noon inter-club meeting Tuesday in the Campbell Women's clubhouse. Johnny Molinari, president of the visiting Kiwanis group, was chairman of the program.

L. E. "Bill" Means, chairman of the Campbell Kiwanis Club scholarship committee, introduced Miss Ruth Johnson of the Campbell High School senior class. She was the winner of the club's scholarship award for this year. Means reviewed her many activities and accomplishments at the school, on which the award of the scholarship was based. Miss Johnson has announced her intention to enter Stanford University this fall.

Mrs. Ray Fish, popular book reviewer, was the guest speaker and presented a review of Fulton Oursler's book, "The Greatest Story Ever Told." After giving an explanation of the author's statement of circumstances which prompted him to write the book, Mrs. Fish, known locally as "Marty," read excerpts from the successful work.

Visitors at the meetings were Bob Richter, San Jose, Cecil Hardesty, San Jose; Volney Garner, Campbell and Philip Farley, Washington, D.C.

Lowell Benson will preside at next Tuesday's gathering and new members will be inducted by Joseph Gomes.

WHERE THE SPIRIT OF SERVICE BEGINS

One Coast-wide school system is for telephone people only—and better service for the West is the result

1. As this young lady learns to use a training switchboard, she'll also learn many things that will be mighty important to good service. All through her training she'll see how operators make courtesy and helpfulness a normal part of their jobs. And the same spirit is present as other telephone people learn their new skills.

2. On stubby poles like these, linemen learn to use their new climbing equipment. This is just one of the more than one hundred courses that telephone people study in towns large and small—up and down the Coast. In 1948, thousands of employees received training. That means thousands of men and women better able to furnish good service to you.

4. Good service for you comes from telephone people who know their jobs. You can help them serve you best by making sure you always have the right number in mind before calling, leaving a little time between calls, giving the called person time to answer.

Masonic Rites Conducted For Arthur E. Silva

Arthur E. Silva, 51, a native of Campbell and employee of Food Machinery for 35 years, died Saturday at his home in San Jose. Golden Rule Lodge 479, F.&M., officiated at the Masonic funeral rites held Monday at 1 p.m. from the Fischer-Darling Garden Chapel. Interment was at Oak Hill Memorial Park. Pall bearers were members of the lodge, Howard M. Noble, Martin Sorensen, Roy E. Bartholomew, Daniel V. Utzerath, Karl Berrar and George Glendenning.

Silva was a member of Golden Rule Lodge and Scottish Rite Consistory of San Jose. At the time of his death he was chief inspector for Food Machinery Corp. He is survived by his widow, Mrs. Carmen Silva; sons, John and Ernest Silva, all of San Jose; daughter, Mrs. Marion Miller of Tonopah, Nevada, and brothers Clarence R. and Henry of San Jose.

MARINE CORPS PLANS EXTENSIVE RESERVE DRIVE

Marine Corps Reserve officials have announced that the 1949 training program for the Marine Corps Reserve, both Organized and Volunteer, will be the largest Reserve training program ever undertaken by the Marine Corps. It is estimated that more than 33,500 Reserve personnel will participate in the 1949 program, including 31,000 members of 145 organized units located in 126 cities in the United States.

All units located west of the Mississippi will undergo their summer training period at Camp Joseph H. Pendleton, huge leatherneck base located near Oceanside, California.

Reserves, upon reporting in to Camp Pendleton, will be billeted and reclassified into military occupations best suited for their talents.

The scope of the training to be given to the Reserves in their two weeks period will be most comprehensive. Infantry tactics, field problems, artillery, practice, and amphibious landings on the sands of the Pacific adjoining the Camp will high-light the program. Detailed schooling in advances and changes in administrative procedures, logistics and weapons have also been scheduled.

CAMPBELL P. O. ENDS SERVICE TO SAN JOSE SECTION

Two blocks of San Jose Postal District territory, which the Campbell Post Office has long served as a courtesy to the residents and San Jose Post Office, have finally been turned back to their regular district.

The territory transferred consisted of one block each of Thornton Way and Empey Way, between Maywood and Downing Avenues. Campbell Postmaster Ira Grimm said the blocks have always been in the San Jose District, but were served by his office until a recent residential development connected the section to the regular San Jose routes. Heretofore, the San Jose mail delivery for the Thornton and Empey Way area ended at the County Hospital.

Service by the San Jose office was requested by residents of the section who complained of confusion resulting from the Campbell mail addresses for homes actually under San Jose utility service.

California Grape Industry Program Will Coordinate All Groups

A three-point step toward coordinating activities of all segments of California's vast grape, raisin and wine industry has been taken by the Statewide Grape Program Development Committee, Harry A. Mitchell, committee chairman and former State Chamber of Commerce president, announced today. Acting upon recommendations of its program study committee, the Statewide Grape Program Development Committee, at a San Francisco meeting adopted the following resolutions:

1. Approval of proposed Federal Marketing Agreement for the California raisin industry, with recommendation that California raisin growers approve the program in the referendum expected to be held next month.
2. Approval of essential points of a proposal that California vintners sponsor an agricultural marketing order, under the California Marketing Act. This would raise a stabilization fund for purchase of surplus grapes or grape products during the coming year.
3. Authorized its grape program study committee to develop details of a proposal for a federal excise tax on wines, to finance grape industry stabilization.

STABILIZATION TAX
"The proposals for a marketing order and federal grape stabilization tax are offered for consideration by the wine industry," Chairman Mitchell explained. "It is not intended that they become effective unless they receive approval of the wine industry. These proposals are offered as complementary to the Raisin Industry Marketing Program, which now awaits approval by the growers."

The proposed Grape Stabilization Marketing Order would provide for an assessment of one cent per gallon on table wines; three cents per gallon on dessert wines; six cents per proof gallon on brandies; six cents per gallon on concentrate. If adopted, the order would be administered by an advisory board of 19 vintners, assisted by an advisory committee of 35 growers.

Walter E. Taylor, San Francisco, chairman of the board of the Wine Institute, announced that a meeting of the Institute's directors is called for Monday (June 20) in San Francisco to consider these proposals. In the interests of time, wine industry members of the Statewide Grape Program Development Committee will immediately request A. A. Brock, State Director of Agriculture, to set a date for a public hearing on the proposed grape stabilization marketing order — withdrawing the request if the vintners disapprove the proposal.

The grape program study committee's recommendations were presented by its chairman, Dr. Harry W. Wellman, director of the Giannini Foundation of Agricultural Economics, University of California, who also is vice chairman of the statewide Grape Program Development Committee. The report follows five study committee meetings, considering proposals for the 1949 harvest, processing and vintage season.

Development of details of the proposed federal tax plan for grape stabilization will start immediately. These details will be presented to the statewide committee as soon as the detailed program is ready for consideration.

News Of Cambrian School

Mrs. Violet Pomeroy's fifth grade class received a nice letter from Professor Carl D. Dundan, head of the Department of Natural Sciences at San Jose State College. He answered the questions of the class and told them many interesting things. — Roger Ensminger.

The men working on the new school buildings hope to have them finished by the middle of September.

Mr. Stephens came to school today and took group pictures of all the classes — Donald Delamore.

The project of Mr. George Craig's seventh grade is well under way now. The boys, Roy Campbell and Dennis Catrell, are painting the outside of the building and the rest are working on the roof. — Wardell Nelson and Janet Spellman.

Mrs. Lucille Edgmon's third grade class is going to have a party the last day of school. There will be "local" entertainment and refreshments. — Rudy Kawata.

The kindergarten is making beads out of colored newspaper and construction paper. At the end of school they will all get a string of beads. — Barbara Myhre.

Mrs. H. Tally's first grade had their group picture taken June 13. This Friday Mrs. Tally will have a party for everyone who has a birthday during the summer.

— Norma Stout and Aiko Sato.

On Thursday, June 9, the seventh and eighth grade classes of Cambrian School went to Capitola and Santa Cruz.

Mr. D. M. Bagby, the principal, and the teachers, Mrs. M. McGlothlin, Mrs. J. Adams and Mr. George Craig, went on the buses with the children.

Mrs. R. Emery, Mrs. C. T. Mitchell, Mrs. A. Delamore, Mrs. R. L. Nelson, Mrs. B. Conn and Mrs. Blue, some of the mothers of the eighth and seventh grade classes, accompanied with their cars.

The eighth grade chartered two buses for the trip. They were very nice.

The children left the school about 9 o'clock. They reached Capitola around 10 o'clock. They stayed at Capitola all morning. The children rode on boats and rafts, swam and played on the beach. After they ate their lunches they left for Santa Cruz.

At Santa Cruz the children went on the boardwalk. They left Santa Cruz at 4 o'clock and reached the school around 5 o'clock.

Everyone had a swell time, although some of the children were a bit tired. — Sumiko Takaki and Connie Fegles.

Between 1847 and 1902 Alameda County annually produced about 70,000 tons of coal.

Boy Scouts Lower Minimum Age Requirements

In an unprecedented move, the Boy Scouts of America has lowered the entrance age for its three programs of Cub Scouting, Boy Scouting and Senior Scouting, effective next Sept. 1.

In announcing the far-reaching change authorized by the National Executive Board of the organization, Dr. Arthur A. Schuck, Chief Scout Executive, said the decision was reached after a three years' exhaustive study during which opinions were obtained from experienced leaders as well as parents.

After Sept. 1, boys may become Cub Scouts at eight years of age instead of nine; Boy Scouts at eleven instead of twelve and Explorers at fourteen instead of fifteen years of age.

The program known as Senior Scouting, Dr. Schuck announced, now becomes "Exploring" with its scope broad enough to include land, sea and air activities as well as life exploration. Units specializing in seamanship or in aviation will be known as Explorer Ships or Explorer Squadrons, respectively.

In commenting on this move, Scout Executive C. D. Bartlett of the Santa Clara County Council stated that full particulars regarding procedures to put the change into effect will be announced to all Unit Leaders at an early date. No registrations under the new plan will be accepted until September 1, 1949.

Pay Water Bills Thru Letter Drop

Campbell residents who have been unable to pay their bills during office hours at the Campbell Water Company, may place their checks in the letter drop provided for that purpose on the door of the company's office, Homer Hyde announced this week.

Hyde said the letter drop has always been there, but many customers have not used it, so the company has painted two large red arrows on the door pointing to the letter drop, and has added a large red sign "Letter Drop" above the slot. Hyde urged customers to take advantage of this convenient method of paying the bills.
